

My New Third Graders and their Parents,

Welcome to third grade! I am very excited to meet you and get to know you as part of our "classroom family".

I hope that you are having a wonderful, fun, and exciting summer filled with family and friends. My summer has been busy here on Cape Cod with my family, the beach, fishing, and reading. I have been in and out of school for summer workshops, learning about our new reading program and getting ready for our year together.

Shopping for back to school supplies is exciting. To help you and your parents prepare, I have made a list of supplies for you to bring to school the first day. Have fun shopping!

I will look forward to seeing you at the family picnic or on the first day of school. I will be the teacher with the biggest smile...I am looking forward to seeing you!

Mrs. Dwyer
