Re: Review of Coordinated Program Review Progress Reports

Dear Mr. O'Malley:

Thank you for submitting your district's Coordinated Program Review Corrective Action Plan Progress Reports. This information has been carefully reviewed, and the Department's decisions with regard to the approval status of each element are attached.

We are pleased to inform you that as a result of this review no further Progress Reports are requested at this time. The Department will notify you of your district's next regularly scheduled Mid-cycle Review several months before it is to occur. The purpose of this upcoming onsite visit will be to verify the effectiveness of the activities your district is currently implementing to correct the previously identified noncompliance issues in your district. At this time we anticipate the Department's Mid-cycle visit to occur sometime during the 2010 fiscal year, unless there is some reason to schedule this visit earlier.

Please contact Anne Higgins at 781-338-3721 if further clarification is needed on any matters presented here. Again, thank you for your continued cooperation.

Sincerely,
