

Capstone Reflection Essay

Please type a final reflection on your Capstone Project. This will be kept as part of the school's archives so that future BFCCPS students can remember and learn from your learning and service.

Please think about the following questions as you write your final essay:

1. What did you research and why? How did you create a service component from this learning?
2. What did you learn (summarize your research)? What were the positive results of your service?
3. What obstacles did you encounter and how did you overcome them?
4. Would you do anything differently if you were to complete a project like this in the future? If yes, what?
5. What character traits did you develop in doing this project?
6. Any other final thoughts?
