

BFCCPS Mission Committee Minutes April 28, 2010

In attendance: Lori Clements, Anna dos Santos, Kevin O'Malley, Gail Trotin (chair), David Vise

Meeting began at 7:10pm

Gail greeted the group and recapped what the plan is for the meeting.

The group reviewed the updated Parent Enrichment Council proposal. One small edit was requested. The final version will be presented to the Board of Trustees at their May 13 meeting for final approval.

Next the document titled "Classical Education at BFCCPS" was reviewed. A few additional edits were identified. The group agreed that the format of these pillar documents will be to list the defining principles first, followed by background information. Anna will update and this document will also be sent to the Board for approval on May 13.

"The Defining Principles of the Parents as Primary Educator Pillar at BFCCPS" underwent extensive review and revision. Additional principles were also identified. All the principles were reordered to approximate their priority. Anna will update and redistribute. If the revised version is acceptable, then it will also be sent to the Board for approval on May 13. If the document needs additional review, then final approval will be delayed to the June Board meeting.

All the pillar documents will share the same formatting rules.

The defining principles documents for Character Education and Community Service will be discussed at the May 19 meeting. If there is time, the group will also talk about what additional curriculum offerings BFCCPS may offer as part of its classical education pillar.

The next meeting is scheduled for May 19, 2010, at 7:00pm.

Meeting adjourned at 8:55pm.
